Please try to arrange matches as soon as you can, rather than waiting till the last minute.

SINGLES HANDICAP Calculation

The player (Player-L) with the lower playing handicap plays off 0, the other player plays off **100% of the difference** in the playing handicaps.

FOURBALL BETTER-BALL HANDICAP Calculation

The player (Player-L) with the lowest playing handicap plays off 0, the other players play off **90% of the difference** between their playing handicap and that of Player-L.

FOURSOMES HANDICAP Calculation

Both teams calculate their team's playing handicap by adding the playing handicaps of both players in their team. The team with the lower team playing handicap plays off 0, the other team plays of **50% of the difference** in the team playing handicaps (0.5 is rounded upwards).

GREENSOMES HANDICAP Calculation

Both teams calculate their team's playing handicap by adding **60% of the lower** playing handicap to **40% of the higher** playing handicap and rounding this sum (0.5 is rounded upwards). The team with the lower team playing handicap plays off 0, the other team plays off **100% of the difference** in the team playing handicaps.

TIE-BREAK

If after 18 holes there is no match winner, the players/teams will have a “sudden death” playoff starting on the 1st hole and carrying on (holes 2, 3, 4 etc) until one player/team wins a hol

MATCH SUSPENSION DUE TO ADVERSE WEATHER

If a match has to be suspended due to adverse weather conditions and the match cannot be completed on the same day (agreed by all players involved) then the match should be rearranged at the earliest opportunity thereafter. The score at the time of suspension remains valid and the players will recommence the match at the point of suspension.

The handicaps and stroke allowances at the start of the match will remain valid for the restart even if the players handicaps have changed in the interim.
